

Are you looking for a different graduate school experience?

We offer applied coursework and targeted study in **science communication, leadership, place-based education, and ecology** giving you what you need to excel in the workforce and the world.

As a student you can expect to...

- Experience learning in new ways by turning [classwork into fieldwork](#).
- Learn by teaching others through our award-winning [McCall Outdoor Science School](#).
- Build interdisciplinary thinking skills to address complex socio-ecological issues.
- Enjoy a [1:6 faculty to graduate student](#) ratio.
- Immerse yourself in 30 credit program and earn a master's degree in one year.
- Participate in a once in a lifetime trip into the [Taylor Wilderness Research Station](#) located in the heart of the Frank Church/River of No Return Wilderness.

Apply Year Round

GRE not required

Scholarships available to support diverse candidates
