REGISTER FOR CLASSES

In general, allow 5-6 hours per week for each one-credit course; professional students working online usually select 1-2 credits per 7-week session. Courses are in sequence so it is recommended that you start with UX-PRO 361. Make sure to register for the section which corresponds to the term you are enrolled in. 4201 Sections are held during the first seven weeks of each semester and 4202 Sections are held during the second seven weeks of each semester.
