

# BULLSEYE

**Recommended Number  
of Colors:**

**3 - 6**

## Step 1

Pinch the fabric at the center of where you would like your bullseye to be, pulling it upward into a cone shape and using your other hand to guide it

## Step 2

Secure the fabric with rubber bands, keeping it in the cone-like shape.

## Step 3

Start about an inch below the top of the cone and create sections as desired until you reach the end of your fabric

## Step 4

Now apply the dye! Don't forget to flip your item over and match the colors on the back

## Step 5

Once you're done applying the dye, place your item as-is in a plastic bag. This will keep the cloth damp and allow it to process

Once you are done designing make sure to grab a zip lock bag and take-home instructions from a MakerLab staff member
