

FOLDING

**Recommended Number
of Colors:**

1 - 4

Step 1

Fold your fabric in half three times. This will create 8 panels

Step 2

Now apply the dye to the folded edges! Don't forget to flip your item over and match the colors on the back

Step 3

Once you're done applying the dye, place your item as-is in a plastic bag. This will keep the cloth damp and allow it to process

Once you are done designing make sure to grab a zip lock bag and take-home instructions from a MakerLab staff member
