

SPIRAL

**Recommended Number
of Colors:**

3 - 6

Step 1

Locate a place to begin your spiral. this could be anywhere on your chosen item

Step 2

Pinch the fabric and begin twisting tightly in a singular direction

Step 3

Once you have finished your spiral, secure it using 3 rubber bands in a criss-cross pattern. This should make 6 wedge-like sections

Step 4

Now apply the dye! Don't forget to flip your item over and match the colors on the back

Step 5

Once you're done applying the dye, place your item as-is in a plastic bag. This will keep the cloth damp and allow it to process

Once you are done designing make sure to grab a zip lock bag and take-home instructions from a MakerLab staff member
