

STRIPES

**Recommended Number
of Colors:**

2 - 4

Step 1

Fold your fabric in an accordion style (over and under) until you have reached the other side of the item

Step 2

Secure with rubber bands. Space them as close together as you like, bearing in mind that the distance between them will dictate how thick your stripes are

Step 3

Now apply the dye! Don't forget to flip your item over and match the colors on the back

Step 4

Once you're done applying the dye, place your item as-is in a plastic bag. This will keep the cloth damp and allow it to process

Once you are done designing make sure to grab a zip lock bag and take-home instructions from a MakerLab staff member
