What people are saying

"I wanted to walk away feeling inspired, empowered and with more tools in my pocket than I had before. And I received all of that in an unexpected way. It was a great summit!" -Attendee

"[This] was my first summit in Idaho and at

Boise State and it was very well produced. Very thankful to the presenters and those responsible for making this a reality. This is a very important topic and I am very thankful that Boise State and the business community is supportive of it." -Attendee
